

Corrigendum

[Original article] Tembe D, Mukaratirwa S. Forensic entomology research and application in southern Africa: A scoping review. *S Afr J Sci.* 2020;116(5/6), Art. #6065, 8 pages. <https://doi.org/10.17159/sajs.2020/6065>

HOW TO CITE:

Corrigendum: Forensic entomology research and application in southern Africa: A scoping review [S Afr J Sci. 2020;116(5/6), Art. #6065, 8 pages]. *S Afr J Sci.* 2021;117(3/4), Art. #6065C. <https://doi.org/10.17159/sajs.2021/6065C>

Errors that appear in the Review Article by Tembe and Mukaratirwa are corrected here. Prof. Martin Villet (Director: Southern African Forensic Entomology Research Laboratory and Department of Zoology & Entomology, Rhodes University) is acknowledged for drawing the authors' attention to these errors.

Page 2, right column, section 'Search strategy and selection of the literature', paragraph 1, lines 13–17:

"Two exclusion criteria were also identified: (1) no focus on forensic entomology research, such as articles that dealt with identification or distribution of arthropods in southern African countries, but not undertaken in the context of forensic entomology; (2) no information points that contributed to answering the scoping question."

SHOULD BE REPLACED WITH:

"The exclusion criteria for this review were developed based on the three inclusion criteria which were peer-reviewed research articles from southern Africa explicitly reporting on forensic entomology research in a country or countries from southern Africa between 1932 and 2017 that included: (1) colonisation and succession pattern of arthropods during different stages of decomposition; (2) variation spectrum of carrion-feeding insects; and (3) diversity and/or abundance of arthropods colonising a carcass during different seasons. Any study that may have been referenced under forensic entomology, but did not report on one of the above-mentioned inclusion criteria, was not included. Furthermore, any study that had no information to contribute to answering the scoping questions was also excluded."

Page 4, Table 2, caption and columns 7 and 8 subheading AND page 6, left column, subheading for paragraph 2 AND page 6, right column, subheading:

Carrion-feeding SHOULD BE REPLACED WITH Carrion-associated

Page 4, Table 2, column 6, line 13:

"*Histeridae*" SHOULD BE DELETED

Page 4, Table 2, column 6, line 14:

"*Fabricius*" SHOULD BE: "*Thanatophilus (Chalcosilpha) micans* (Fabricius)"

Page 4, Table 2, column 6, line 49:

"*Dermestes maculatus*" SHOULD BE DELETED

Page 5, Table 2, column 6, line 89:

"*Muscidae*" SHOULD BE REPLACED WITH: "*Atherigona aberrans* (Malloch), *A. naqvii* (Steyskal), *A. steeleae* (Emden), *Atherigona* spp. indet."

Page 5, Table 2, columns 6 and 7, line 99:

"*Lucilia* sp. –" SHOULD BE: "*Lucilia* sp. 47"

Page 6, left column, paragraph 2, lines 6–8:

"In both studies, *D. maculatus* and *Lucilia* spp. were found on decomposing carcasses during the dry season only."

SHOULD BE REPLACED WITH:

"In both studies, *Lucilia* spp. were found on decomposing carcasses during the dry season only. *Dermestes maculatus* was found only during the dry season in the study of Ellison³⁸, and was not found in either season in the study of Braack³⁷."

Relevant species presented by Braack³⁷ that were omitted have been added to Table 2. These are: *Chrysomya marginalis* (Wd.), *Chrysomya putoria* (Wd.), *Rhinia apicalis* (Wd.), *Rhyncomyia forcipata*, *Sarcophaga haemorrhoidalis* (Fallen), *S. hirtipes* (Wd.), *S. nodosa* (Engel), *Brachyponera sennaarensis* (Mayr), *Pheidole crassinoda* (Em.), *P. liengmei* (For.), *Axestotrigona togoensis* (Cockerell).

Relevant results from Kelly et al.³⁶ that were omitted have been added to Table 2.

The corrected Table 2 appears below.

Page 6, Table 3, caption and column 5:

Results by Williams et al.³⁹ obtained from rats and chicken liver that were omitted have been added to Table 3.

The corrected Table 3 appears below.

Page 8, reference 39:

Three of the authors were omitted. The corrected reference is:

Williams KA, Wallman JF, Lessard BD, Kavazos CRJ, Mazungula DN, Villet MH. Nocturnal oviposition behavior of blowflies (Diptera: Calliphoridae) in the southern hemisphere (South Africa and Australia) and its forensic implications. *Forensic Sci Med Pathol.* 2017;13(2):123–134. <https://doi.org/10.1007/s12024-017-9861-x>

Table 2: Summary of studies (1934–2017) on the diversity and abundance of carrion-associated arthropods collected during different seasons in southern Africa

| Study | Country of study | Location of study | Objectives of study | Host animal | Outcome of study | | |
|--|------------------|----------------------|---|-------------|---|---|--------------|
| | | | | | Order/family/species | Average number of carrion-associated arthropods | |
| | | | | | | Dry season | Rainy season |
| Braack ³⁷ | South Africa | Kruger National Park | To collect and identify the species found on the large mammal carcasses during both summer and winter | Impala | <i>Anisolabis</i> sp. | – | <10 |
| | | | | | <i>Bormansia meridionalis</i> Burr | – | <10 |
| | | | | | <i>Euborellia annulipes</i> (Lucas) | – | <10 |
| | | | | | <i>Fusius rubricosus</i> (Stal) | – | <10 |
| | | | | | <i>Lisarda rhodesiensis</i> Miller | – | <10 |
| | | | | | <i>Rhinocoris albopunctatus</i> (Stal) | – | <10 |
| | | | | | <i>R. violentus</i> (Germar) | – | <10 |
| | | | | | <i>Xylocoris (Proxylocoris) afer</i> Reuter | – | ±60 |
| | | | | | <i>Solenostethium liligerum</i> | – | <10 |
| | | | | | <i>Metagonum</i> sp. | – | <10 |
| | | | | | <i>Platymetopus curtulus</i> (Peringuey) | – | <10 |
| | | | | | <i>Xenodochus melanarius</i> (Boheman) | – | <10 |
| | | | | | <i>Thanatophilus (Chalcosilpha) micans</i> (Fabricius) | – | 265 |
| | | | | | Staphylinidae | – | 625 |
| | | | | | Trogidae | – | 1422 |
| | | | | | <i>Allogymnopleurus thalassinus</i> (Klug) | – | <30 |
| | | | | | <i>Anachalcos convexus</i> (Boheman) | – | 164 |
| | | | | | <i>Aphodius</i> sp. | – | <100 |
| | | | | | <i>Caccobius convexifrons</i> (Roth) | – | <30 |
| | | | | | <i>C. nigrifulus</i> (Klug) | – | <30 |
| | | | | | <i>Catharsius philus</i> (Kolbe) | – | <30 |
| | | | | | <i>Copris amyntor</i> (Klug) | – | <30 |
| | | | | | <i>C. elphenor</i> (Klug) | – | <30 |
